

①

AS10

The AS10's elegant design creates the same innovative effect as a 'flat-screen' for televisions.

At just 8 cm in depth, it is about half the size of a traditional speaker, and can be used in a home theatre setting. Its sloping design means that the AS10 fits perfectly in a corner, on the wall or even on a bookshelf. Easy assembly is made possible by the multi-functional bracket.

① The restricted depth (8cm) guarantees the ideal combination for an LCD or plasma screen.

use

system	2-way
bass reflex	yes
magnetic shielded	yes
woofer	4" paper cone
tweeter	0.25" super polymer
max. power	120 W
nominal power (RMS)	55 W
dB	88 dB
impedance	4 ohm
frequency range	90 Hz - 20 kHz
dimensions mm (h x w x d)	250 x 200 x 90
weight	1,5 kg / piece
colour	white / black / silver-grey
extra	complete with bracket
