

frame width grille:  
1 mm

①

## FL101T

This 100 V inwall speaker is flatter and even more invisible than any of its predecessors. The frame has been reduced down to 1 millimetre, the frame thickness more than halved. The grille of the loudspeaker has been noticeably fine-tuned and it feels almost like silk if you stroke it. The frame simply clicks itself into place with adjusting screws, you fit the grille magnetically.

① **type kit: KIT SQ180/180**

**material:** MDF incl. screws

**dim. mm:** 170 h x 170 b x 100 d

**colour:** brown
