

UNI40T

Universals. The name gives the game away: they can be used anywhere! Not only in terms of location, but sound too. Thanks to the timeless design, the Universals embodies a striking neutrality. On the other hand, with respect to performance, it's quite dominant: warm, detailed and with a wide reach thanks to ArtSound sound technology. The unit is dust- and moisture-resistant. The plug-in screw terminal facilitates easy connection of the speaker cable. Can be used in offices, refrigeration areas, conference rooms, warehouses, stations, etc.

With the UNI40T, it's possible to brighten up any filling station, boardroom, conference room or bar.
